## Features

We want to earn your trust and build solid relationships. This can only be achieved through clear communication, offering professional solutions, and successfully executing deliveries - from the first contact through to our tenth project together!

Our team of experts have years of specialized training to ensure you are receiving the best service and solutions possible, we are here to help. We will take the time to discuss your project requirements and help you make smart, value-based decisions that best meet your project goals. With Operation Centers in the USA and Canada, Nickel Bros facilitates and performs global transport and heavy barge transport of complex, over-dimensional homes by land, rail, and barge.

Please feel free to contact us for more information about how we can help you. If you have a picture of the house or project, please use the form below to upload the picture to us!

See the listing online at <http://www.nickelbros.com/residential/contact-us/>.

*Price includes house with a local delivery and installation. Prices may vary based on final location, site accessibility, utility line work involved and/or barging requirements.*
