## **Features**

This well-priced Mid-Century classic home has a large open plan layout that is perfect for all stages of life; for a growing family, a second home, or even your forever home in your retirement years.

The kitchen/living/dining areas are all combined into one large, light-filled space with vaulted ceilings and a front-facing "window wall" to capture potential views!

The 1,572 square-feet being moved is plenty big on its own, but keep in mind that you may choose to have Nickel Bros deliver the house and lift it up so you can build a daylight basement underneath, giving you a whopping 3,000+ sq/ft total!!
