Features

Something completely different!! Take it all or break a unit off to suit your needs. This complex consists of two, chalet style duplexes, 20 motel units, some with kitchens, and four 400 sq ft Panabode cabins.

The two-story chalet duplexes, at approximately 2500 sq ft each, might be perfect for those waterfront locations with big views. How about a bed and breakfast?

The one-story motel units might be suitable for affordable or senior housing. How about some great rentals? Reconfigure these units into any shape you need.

Take these little Panabodes for that cottage or second residence on your property; move the kids in or have a guest house.

These units were built in the 70's with quality materials. These units have been

well maintained and only need a new location.

Call for more information or to tour these today! This is a great opportunity for affordable housing!
